

INCOME ACCESS

Single premium immediate annuity

MUTUAL of OMAHA

Did you know that your clients could get a 50% payment increase on their SPIA?

The odds are good that your single premium immediate annuity prospects may need nursing home care during their lifetime. A great way your prospects can protect their assets, at the same time they are receiving guaranteed income, is with the Nursing Home rider in Income Access.

Here's how the Nursing Home rider works:

- Enhances income payments by **50 percent** for five years if the annuitant becomes confined in a nursing home
- The payment increase will go into effect after the first two years the policy has been in force and after the annuitant has been confined to a nursing home for 90 days
- At the end of the five-year period, the income payments will return to the regular amount
- If the Inflation Protection option is selected, a yearly 3 percent increase will continue throughout the duration of the nursing home stay (Nursing Home rider not applicable if the Survivor Continuation option is selected)

Income Access from United of Omaha, a Mutual of Omaha company.
