

## SIMPLICITY<sup>ii</sup> PLAN OVERVIEW

**CASH BENEFIT ACCOUNT** The **Cash Benefit Account** is the total amount of dollars payable under the policy, and is the Lifetime Maximum. The **Monthly Cash Benefit** is the amount you will receive in a single month for Community or Facility Care. Begin by choosing your Cash Benefit Account and one Monthly Cash Benefit that is right for you. If you wish, you can increase the amount you will receive in a single month for Facility Care by selecting the **Enhanced Facility Benefit** that corresponds with the Monthly Cash Benefit you selected.

**ELIMINATION/BENEFIT WAITING PERIOD (EP)** The **Elimination/Benefit Waiting Period** is the number of calendar days you choose to wait after you are determined chronically ill before your Benefits are payable.  
**Options include: 30 days • 60 days • 90 days • 180 days**

**PAYMENT OPTIONS** You can pay premiums each year for life, pay up in a shorter period of time, or pay up by a certain age.  
**Options include: Lifetime • 10 Pay • Paid Up at Age 65 (Not available after age 55)**

### OPTIONAL RIDERS

**INFLATION/BENEFIT INCREASE** If you choose to add an **Inflation/Benefit Increase Rider** to your policy, you can increase your Cash Benefit Account and Monthly Cash Benefit to protect against the anticipated increases in the cost of long term care.  
**Options include: None • 5% Simple • 3% Compound: No Max • 5% Compound: 2X Max • 5% Compound: No Max**

**NONFORFEITURE OPTIONS** The **Shortened Benefit Period** assures that any premiums paid are available to use as benefits even if your policy lapses after being in force for at least 3 years. **Return of Premium** (return of premiums minus benefits paid) and **Full Return of Premium** (return of all premiums regardless of benefits paid) options guarantee premiums paid will be returned in the event of your death.

**RESTORATION OF BENEFITS** If a period of 180 days elapses in which you are not chronically ill, we will restore your policy's Cash Benefit Account to what it would have been had no benefits been paid.

**JOINT BENEFITS**  
**Care Partners can share benefits when both purchase these riders.**  
**Survivor Benefit:** If this rider has been in effect for 10 years and one Care Partner dies, the remaining Care Partner pays no further premiums.  
**Shared Care:** If you exhaust your Cash Benefit Account you can, with your Care Partner's consent, use their Cash Benefit Account. Partners must reserve at least 24 months of benefits on the other's policy. If one Care Partner dies, the survivor assumes the deceased's remaining Cash Benefit Account as long as appropriate premiums are paid. Both Care Partners must purchase identical benefits.  
**Shared Waiver:** When the premiums are waived for on Care Partner, they are waived for both.

*Options and Riders vary by state. Please consult your Outline of Coverage.*
