# PlanRight Whole Life Insurance

# Foresters help with final expense planning

Foresters

# Plan today so your family doesn't have to in the future

All of us will likely have to face the death of a close family member at some time in our lives. Worry about how to cover the funeral costs just adds to the pain and grief we're experiencing.

The cost of a funeral may surprise you. According to the National Funeral Directors Association, the average cost of a funeral in 2009 was \$8,000. And, this does not include the cemetery plot, monument, flowers, obituary or other cash expenses, which could push the cost much higher.

Foresters PlanRight Whole Life Insurance can help reduce the burden of these costs on your family, when they already have many other concerns.

## Applying is simple

Applying for PlanRight is simple and convenient. Complete an easy-to-understand application and you could be eligible for life insurance coverage.<sup>1</sup>

Remember, in most cases, the younger and healthier you are, the lower your insurance premiums. Helping to provide for both today's peace of mind and tomorrow's possibilities, Foresters PlanRight gives you many good reasons to apply.

Ask your insurance representative how Foresters PlanRight can work for you.

# Protection for the important things in your life

## PlanRight Whole Life Insurance

PlanRight offers three types of coverage – one that can immediately provide a full death benefit and two that provide a limited death benefit in the first two years. Your answers to questions on the application help guide which coverage is available to you.<sup>1</sup>

### PlanRight with a Level Death Benefit

The death benefit is based on<sup>5</sup> 100% of the face amount. The maximum face amount is \$35,000, depending on your age at the time of application.

### PlanRight with a Graded Death Benefit<sup>2</sup>

The death benefit is a limited benefit in the first two years, which is based on<sup>5</sup> the greater of a) the sum of the total premiums paid accumulated with 4.5% interest<sup>3</sup>, or b) 30% of the face amount in effect in the first year, and 70% of the face amount in effect during the second year. The death benefit is based on<sup>5</sup> 100% of the face amount in year three and later. The maximum face amount is \$20,000, depending on your age at the time of application.

### PlanRight with a Modified Death Benefit<sup>2</sup>

The death benefit in the first two years is based on<sup>5</sup> premiums you've paid plus 10% annual interest.<sup>3</sup> The death benefit is based on<sup>5</sup> 100% of the face amount beginning in the third year. The maximum face amount is \$15,000, depending on your age at the time of application.

### Guaranteed premiums

Unlike some other expenses in life, PlanRight premiums are level and guaranteed to stay the same as long as you keep the coverage.

### Guaranteed benefits

Your death benefit payable is also guaranteed as long as premiums are paid and you can be confident that your PlanRight coverage will never be canceled because of changes in your health while your coverage is in effect.

### Enhanced PlanRight Coverage

You can add, at an extra cost, an optional **Accidental Death Rider** to PlanRight with a Level Death Benefit,<sup>1</sup> which can pay an additional benefit in case of accidental death. All PlanRight certificates automatically include a **Common Carrier Accidental Death Rider** that can provide an additional death benefit if you die of accidental injuries that occur while riding as a fare-paying passenger on a common carrier, such as a bus or a train.

<sup>†</sup>For the Graded and Modified plans, the benefit is based on<sup>5</sup> 100% of the face amount if accidental death happens in the first two years. There is no additional premium.

See the back cover of this brochure for important information about PlanRight and its riders.
