# Life Happens

Just when you least expect it, life can throw you a curveball. Some people die too soon. Others get sick or hurt and are unable to work. If something happens to you, wouldn't you want to make sure your family is protected?

## One Problem...Providing a Source of Income for Your Family

Have you thought about the value you provide to your family just by getting up and going to work every day? The paycheck you bring home not only pays the bills, it allows your family to live the lifestyle you've chosen for them.

## A Two-Part Solution... Life + Disability Insurance

You might say your income is your most important asset. And that's why protecting it is so important. Here are two ways to help ensure your family has the money they need if something unexpected happens to you:

**Life insurance** provides an income for your family if you die too soon. A life insurance policy may allow your family to:

- Pay off the mortgage so they can stay in their home
- Settle your debts and final expenses
- Continue to pay the bills and maintain their current lifestyle
- Carry out your plans to send your kids to college

**Disability insurance** protects your income if you get sick or hurt and are unable to work. A disability insurance policy may allow you to:

- Make your monthly mortgage payment
- Pay for groceries, utilities and other necessities
- Continue your kids' current activities
- Avoid having to dip into savings or borrow money

## Premium Savings When You Purchase Both

Purchasing both life insurance and disability insurance policies may be a smart – and money saving – idea.

When you purchase a Term Life or Universal Life insurance policy from United of Omaha Life Insurance Company, you're entitled to a 10 percent discount on a Disability Income insurance policy from Mutual of Omaha Insurance Company.

This includes Long-Term Disability, Short-Term Disability and Accident-Only Disability policies. Just make sure to apply for disability insurance within 90 days of your life insurance application.
